BIHAR ELECTRICITY REGULATORY COMMISSION (RENEWABLE PURCHASE OBLIGATION, ITS COMPLIANCE AND REC FRAMEWORK IMPLEMENTATION) REGULATIONS, 2010.

NOTIFICATION
The 16th November 2010

No. BERC-Regl-01/10–05–In exercise of powers conferred under sections 61,66, 86(1)(e) and 181 of the Electricity Act, 2003 and all other powers enabling it in this behalf, and after previous publication, the Bihar Electricity Regulatory Commission (hereinafter referred to as 'BERC' or 'Commission') hereby makes the following regulations namely:

1. **Short Title and Commencement**

1.1 These regulations may be called the Bihar Electricity Regulatory Commission (Renewable Purchase Obligation, its Compliance and REC Framework Implementation) Regulations, 2010.

1.2 These regulations shall come into force from the date of their publication in the Bihar Gazette.

1.3 These Regulations shall extend to the whole of the State of Bihar.

2. **Definitions and Interpretation:**

2.1 In these regulations, unless the context otherwise requires,

(a) ‘Act’ means the Electricity Act, 2003 (Act No.36 of 2003) and subsequent amendment thereof;

(b) ‘Area of Supply’ means the area within which the distribution licensee is authorized to supply electricity;
(c) ‘Central Agency’ means the agency operating the National Load Dispatch Centre or such other agency as the Central Commission may designate from time to time;

(d) ‘Central Commission’ means the Central Electricity Regulatory Commission referred to in sub section (1) of section 76 of the Act;

(e) ‘Certificate’ means the renewable energy certificate issued by the Central Agency in accordance with the procedures prescribed by it and under the provisions specified in the Central Electricity Regulatory Commission (Terms and Conditions for recognition and issuance of Renewable Energy Certificate for Renewable Energy Generation) Regulations, 2010;

(f) ‘Commission’ means the Bihar Electricity Regulatory Commission;

(g) ‘Distribution Licensee’ means a licensee authorized to operate and maintain a distribution system for supplying electricity to the consumers in his area of supply;

(h) ‘Floor Price’ means the minimum price as determined by the Commission in accordance with these regulations at and above which the certificate can be dealt in the power exchange;

(i) ‘Forbearance Price’ means the ceiling price as determined by the Central Commission in accordance with the Central Electricity Regulatory Commission (Terms and Conditions for recognition and issuance of Renewable energy Certificate for Renewable Energy Generation) Regulations 2010 as amended from time to time, within which only the Certificate can be dealt in power exchange;

(j) ‘MNRE’ means the Ministry of New and Renewable Energy; Government of India;

(k) ‘Obligated Entity’ means the distribution licensee, consumer owning the captive power plants and open access consumer in the state of Bihar which is mandated to fulfill renewable purchase obligation under these Regulations;

(l) ‘Person’ shall include any company or body corporate or association or body of individuals, whether incorporate or not, or artificial juridical person;

(m) ‘Power Exchange’ means any exchange operating as the power exchange for electricity in terms of the orders issued by the Central Commission;

(n) ‘Preferential Tariff’ means the tariff fixed by the Appropriate Commission for sale of energy from a generating station based on renewable energy sources to a distribution licensee;

(o) ‘Quantum of Purchase’ means percentage share of total purchase of electricity from renewable energy sources as specified in these Regulations. The quantum would be the sum of all direct purchases from generating stations based on renewable energy sources and purchase from any other licensee, which would arise from renewable energy sources;

(p) “Renewable Energy Sources” means non-conventional, renewable electricity generating sources such as small/micro/hydel, wind, solar, biomass and bagasse based cogeneration, urban/municipal waste, or such other sources, (which are generally inexhaustible and can be replenished in a short period of time) as approved by the Ministry of New and Renewable Energy, Government of India or by the state of Bihar;

1 Deleted and inserted clause (p) of the regulation 2.1 of the principal regulation 2, vide Second amendment (B), 2017
generating sources such as small/mini/micro/hydel, wind, solar, biomass including husk and bagasse based cogeneration, urban/municipal solid waste, or such other sources, (which are generally inexhaustible and can be replenished in a short period of time) as approved by the Ministry of New and Renewable Energy, Government of India or by the state of Bihar. 

(q) 'State' means the state of Bihar;

(r) ‘State Agency’ means the agency in the State of Bihar as may be designated by the Commission to act as the agency for accreditation and recommending the renewable energy projects for registration and to undertake functions under these regulations;

(s) 'Supply', in relation to electricity, means the sale of electricity to a licensee or a consumer;

(t) ‘Year’ means a financial year.

2.2 The words and expressions used and not defined in these regulations but defined in the Act shall have meanings assigned to them in the Act. Expression used herein but not specifically defined in these Regulations or in the Act but defined in any other regulations issued by the Bihar Electricity Regulatory Commission shall have the same meaning assigned to them.

3. Applicability of Renewable Purchase Obligation

3.1 These regulations shall be applicable to:

(i) Distribution licensee

(ii) Any other person consuming electricity (a) generated from conventional Captive Generating Plant having capacity of 5MW and above for his own use and or (b) procured from conventional generation through open access and third party sale.

(ii) Any other person consuming electricity (a) generated from conventional Captive Generating Plant having capacity of 1MW and above for his own use (b) cogeneration from sources other than renewable sources (c) procured from conventional generation through open access and third party sale.

4. Renewable Purchase Obligation

4.1 Every obligated entity shall purchase not less than 1.5%, 2.5%, 4%, 4.5% and 5% of its total energy consumption (total energy input minus T&D losses) during 2010-11, 2011-12, 2012-13, 2013-14 and 2014-15 respectively from renewable energy sources under the Renewable Purchase Obligation or until reviewed by the Commission.

3[A Provided that 0.25% out of the renewable purchase obligation so specified in the year 2010-11 shall be procured from generation based on solar as renewable energy source and shall be increased at a rate of 0.25% every year thereafter till 2014-15 or until reviewed by the Commission.

4[B Provided that out of the renewable purchase obligation so specified, 0.25% of the...
consumption in the year 2012-13 shall be procured from generation based on solar energy sources and shall be increased by 0.25% every year thereafter till 2019-20 and by 0.5% in 2020-21 as well as in 2021-22. \[\text{A}\]

Every Obligated Entity shall at-least purchase source wise energy from Renewable Sources as specified below:

The Obligation will be on total consumption of electricity by an obligated entity, excluding consumption met from hydro sources of power from FY 2019-20 onwards.

\[\text{C}\]

\[\text{Provided that on achievement of Solar RPO compliance to the extent of 85% and above in any year, remaining shortfall, if any, may be met by purchase of excess non solar energy beyond the percentage specified for Non-Solar RPO for that particular year.}\]

Provided further that on achievement of Non-Solar RPO compliance to the extent of 85% and above in any year, remaining shortfall, if any, may be met by purchase of excess solar energy beyond the percentage specified for solar RPO for that particular year.\[f\]

Provided that Renewable Energy purchased through bundled power shall qualify for Renewable Purchase Obligation compliance to the extent of Renewable Energy content in the bundled power.

Provided further that Distribution Licensee shall compulsorily procure 100% power generated from waste to Energy plants in the state.\[g\]

Provided further, such obligation to purchase renewable energy shall be inclusive of the purchases, if any, from renewable energy sources already being made by concerned obligated entity.

Provided also that the power purchases under the power purchase agreements for the purchase of renewable energy sources already entered into by the distribution licensees and consented to by the Commission shall continue to be made till their present validity, even if the total purchases under such agreements exceed the percentage as specified hereinafore.

\[\text{C}\]

\[\text{Commission may review minimum percentage of compliance specified in the above Regulations depending upon prevailing situation in succeeding years.}\]

outside the State. The energy generated from renewable sources in the State which is used by
generator itself or sold to third party under open access, the same will be considered under the
mandatory minimum percentage of power purchase.

4.3 The Licensee or its successor entities shall submit half yearly progress report on the capacity
addition, purchase of electricity from such projects and the energy generated from renewable
sources in the State which is used by generator itself or sold to third party under open access to
the Commission and also post them on their website.

4.4 The Commission may, suo-motu or at the request of licensee, revise the percentage targets for
a year as per clause 4.1 of these Regulations keeping in view supply constraints or other factors
beyond the control of the licensee.

5. **Certificates under the Regulations of the Central Commission**

5.1 Subject to the terms and conditions contained in these regulations the Certificates issued under
the Central Electricity Regulatory Commission (Terms and Conditions for recognition and
issuance of Renewable Energy Certificate for Renewable Energy Generation) Regulations,
2010 shall be the valid instruments for the discharge of the mandatory obligations set out in
these regulations for the obligated entities to purchase electricity from renewable energy
sources.

Provided that in the event of the obligated entity fulfilling the renewable purchase
obligation by purchase of certificates, the obligation to purchase electricity from generation
based on renewable energy other than solar sources can be fulfilled by purchase of non-solar
certificates and the obligation to purchase electricity from generation based on solar as
renewable energy sources can be fulfilled by purchase of solar certificates only. If solar
certificates are not available in a particular year, then in such cases, additional non-solar
certificate shall be purchased for fulfillment of the Renewable Purchase Obligation (RPO).

5.2 Subject to such direction as the Commission may give from time to time, the obligated entity
shall act consistent with the Central Electricity Regulatory Commission (Terms and Conditions
Generation) Regulations, 2010 notified by the Central Commission in regard to the procurement
of the certificates for fulfillment of the Renewable Purchase Obligation under these regulations.

5.3 The Certificates purchased by the obligated entities from the power exchange in terms of the
regulation of the Central Commission mentioned in clause (5.1) of this Regulation shall be
deposited by the obligated entities to the Commission within a month of the purchase of the
certificate.

6. **State Agency**

6.1 The Commission shall designate an agency as the State Agency for accreditation and
recommending the renewable energy projects for registration and to undertake functions under
these regulations.

6.2 The State Agency shall function in accordance with the directions issued by the Commission

[7] Inserted a text at the end of the first proviso of regulation 5.1 of the principal regulation 5, vide Third
amendment (C), 2018

6.3 The State Agency shall submit quarterly status to the Commission in respect of compliance of renewable purchase obligation by the obligated entities in the format as stipulated by the Commission and may suggest appropriate action to the Commission if required for compliance of the renewable purchase obligation.

6.4 If the Commission is satisfied that the State Agency is not able to discharge its functions satisfactorily, it may by general or special order, and by recording reasons in writing, designate any other agency to function as State Agency as it considers appropriate.

7. **Distribution Licensee**

7.1 Each distribution licensee shall indicate, along with sufficient proof thereof, the estimated quantum of purchase from renewable energy sources for the ensuing year in tariff/annual performance review petition in accordance with Regulations notified by the Commission. The estimated quantum of purchase shall be in accordance with clause 4.1 of these Regulations. If the distribution licensee is unable to fulfill the obligation, the shortfall of the specified quantum of that year would be added to the specified quantum for the next year. However, credit for excess purchase from renewable energy sources would not be adjusted in the ensuing year.  

7.2 Despite availability of renewable energy sources, if distribution licensee fails to fulfill the minimum quantum of purchase from renewable energy sources, it shall be liable to pay compensation as per clause 9 of these Regulations.

7.2 Despite availability of renewable energy sources, if distribution licensee fails to fulfill the minimum quantum of purchase from renewable energy sources, it shall be liable to pay compensation as per clause 9 of these Regulations.

8. **Captive and Open Access User(s) / Consumer(s)**

8.1 The quantum of RPO mentioned in clause 4.1 shall be applicable to captive and open access user(s) / consumer(s) also.

8.2 Every Captive and Open access consumer(s) / user(s) shall have to submit necessary details regarding total consumption of electricity and purchase of energy from renewable sources for

8 Deleted and inserted regulation 7, vide Third amendment (C), 2018
fulfillment of RPO on yearly basis on or before 30th April to the State Agency.

8.3 Captive and Open Access Consumer(s) / User(s) shall purchase renewable energy as stated in clause 4.1 of these Regulations. If the Captive user(s) and Open Access consumer(s) are unable to fulfill the criteria as specified in clause 7.2 of these Regulations the shortfall of the targeted quantum would attract payment of regulatory charge as pre clause 9.

8.4 Captive / Open Access consumer(s) / User(s) may fulfill its RPO through the renewable energy certificate as provided in clause 5 above.

9. **Effect of Default**

9.1 If an obligated entities does not fulfill the renewable purchase obligation as provided in these regulations during any year and also does not purchase the certificates, the Commission may direct the obligated entity to deposit into a separate fund, to be created and maintained by such obligated entity, such amount as the Commission may determine on the basis of the shortfall in units of RPO and the forbearance price decided by the Central Commission:

Provided that the fund so created shall be utilized as may be directed by the Commission, partly for purchase of the certificates and partly for development of transmission/sub-transmission infrastructure for evacuation of power from generating stations based on renewable energy sources **or the fund may be deposited in the “Bihar Renewable Energy Development fund”**.

Provided further that the obligated entities shall not be authorized to use the fund created in pursuance of the above, without prior approval of the Commission.

Provided further also that if the obligated entities fails to deposit the amount directed by the Commission within 15 days of the communication of such direction, the obligated entities shall be in breach of its licence condition.

9.2 Where any obligated entity fails to comply with the obligation to purchase the required percentage of power from renewable energy sources or the renewable energy certificates, it shall also be liable for penalty as may be decided by the Commission under section 142 of the Act. Provided that in case of genuine difficulty in complying with the renewable purchase obligation because of non availability of power in the State, the obligated entity can approach the Commission for carry forward of compliance requirement to the next year.

Provided further that where the Commission has consented to carry forward of compliance requirement, the provision of clause (9.1) of the Regulation or the provision of section 142 of the Act shall not be invoked.

10. **Appointment of Compliance Auditors & Monitoring Committee**

10.1 The Commission may appoint from time to time Compliance Auditors to inquire into and report on compliance of these Regulations. The Auditor shall also certify the fund operated by the State Agency and created under Regulation (9.1) of these Regulations.

10.2 The Commission may appoint Monitoring Committee to ensure compliance of these regulations from time to time.

notified by the Commission under section 181 of the Electricity Act 2003; these regulations will have overriding effect.

12. **Power to Remove Difficulties**

If any difficulty arises in giving effect to any of the provisions of these regulations, the Commission may, either suo-motu or on an application made to it, by general or special order, direct the licensee/generator or any other person to take suitable action, not being inconsistent with the Act, which appears to the Commission to be necessary or expedient for the purpose of removing the difficulty.

13. **Issue of Orders and Directions**

Subject to the provisions of the Act and these regulations, the Commission may, from time to time, issue orders and practice directions with regard to the implementation of these regulations and procedure to be followed for such implementation and matters incidental or ancillary thereto.

14. **Saving of Inherent Powers of the Commission**

Nothing contained in these Regulations shall limit or otherwise affect the inherent powers of the Commission to adopt a procedure, which is at variance with any of the provisions of these regulations, if the Commission, in view of the special circumstances of the matter or class of matters and for reasons to be recorded in writing, deems it necessary or expedient to depart from the procedure specified in these regulations.

15. **Power to Amend**

The Commission may from time to time add, vary, alter, suspend, modify, amendment Or repeal any provision of these regulations.

By the order of the Commission,

Sd./- Illegible,

Secretary.
