26 Weeks Post Graduate Diploma Course In O & M of Transmission & Distribution System (7th Batch)

Central Board of Irrigation and Power

Malcha Marg, Chanakyapuri, New Delhi-110021

Web Site: www.cbip.org Email: cbip@cbip.org

(More than 8 decades of Service to the Nation in Power Sector)

*(Recognized as category-1 training Institute for providing training in the field of Hydro, Thermal, Transmission,
Distribution and Power management Ministry of Power, Government of India)*

ABOUT THE COURSE:

The Indian power Sector is presently passing through a phase of technology up-gradation in the area of Generation, Transmission and Distribution of Power sector, installed capacity is at present 2,68,000 MW are in the process of installation both in Public and private sectors where advanced technology with super critical Technology supported by the state of the art Control & Instrumentation system are being adopted. Simultaneously to evacuate this huge amount of power, several EHV substations and long Transmission lines with associated distribution system are in the process of erection. Presently India has the largest Electricity Grid in the World and world's third largest Transmission and Distribution network. To achieve this objective, additional 163000 Ctkms and 30 Crores consumers would be added to the present T&D network. Various new technologies like Ultra High Voltage (AC/DC) transmission system, Facts, SCADA application, remote operation of Substation etc. The management of this huge network shall be a challenging task. To man this huge transmission System and Distribution network, a huge manpower adequately trained shall be required which will be of the order of 6.00 Lacs. Keeping all these aspects in view, CBIP has taken this initiative to launch the **26 weeks Post Graduate Diploma Course in Transmission & Distribution System** following the syllabus of CEA Regulations 2010 for the fresh graduate engineers who would be groomed as per the requirement of Transmission and Distribution sector of Indian Power Sector. The duration of the course would be 26 weeks which will include the class room sessions as well as on-the-job training. The students have to attend the on-job practice sessions in various Transmission and Distributions Substations. Visit to some reputed manufacturing plants shall also be arranged. To enhance the personal skills, some inputs of Management are also to be given to the students.

The course is also open for the sponsored candidates from SEBs and Power Utilities (Public & Private).

COURSE OBJECTIVES:

The objective of the course is to develop groomed manpower for the power sector having high skill and confidence in running a EHV substation as well as Distribution equipments. After completion of the course the students would be readily available as working engineers in Indian Power Sector for taking over the charge of Operation & Maintenance of T&D sectors

After completion of the course the students will acquire extensive basic and advanced knowledge of

- Operation & Maintenance of Transmission and Distribution accessories
- Necessary Safety aspects required in T&D
- Details of associated equipments
- T&D project management
- Electrical and IT application in T&D
- T&D schemes

METHODOLOGY FOR THE COURSE

- Classroom Lecture Sessions
- Sub-station Visits Scheme Tracing in Switch yard of Substation
- On-Job Operation & Maintenance Training at different Substations
- Group Discussion session
- Projects, Seminars Submissions

DETAILED COURSE CURRICULUM

Sl. No.	Subject/Modules-first semester	Duration
1	Introduction to Power Sector Familiarization	1 Week
2	Safety	1 Week
3	Basic Electrical Engineering Fundamentals	2 Weeks
4	Introduction to Sub-station / Switchyard	1 Week
5	Design aspects of Sub-station equipment	2 Weeks
6	Transmission line Engineering & EHV Cables	1 Week
7	HVDC Transmission	1 Week
8	Erection & commissioning of Sub-station & Transmission Line	1 Week
9	Protection of Sub-station & Transmission Line	1 Week
10	O& M of Sub-station and its equipment	1 Week
11	Sub-station on-job operation	1 Week
12	SCADA, load dispatch & Grid Management	1 Week
13	Indian Electricity Grid Code, Regulatory Issues and tariff	1 Week
14	Transmission line on-job operation & Maintenance	1 Week
15	Visits to Manufacturing works / Testing labs etc.	2 Weeks
16	Distribution System Engineering & Energy Metering	2 Weeks
17	Distribution Lines and Cables	1 Week
18	IT, SCADA & GIS in Distribution System	2 Weeks
19	Distribution System on-job training	1 Week
20	General Management /Material Management/Personal Management	1 Week
21	Project & Final Appraisal	1 Week
	Total	26 Weeks

FACULTY

In-house as well as Renowned/Reputed and well experienced faculties from Power Industry/T&D equipment manufacturers/Contractors/IIT/engineering colleges will be delivering the lectures for the entire program.

ON-JOB

On-job training will be arranged at the sites of reputed Transmission & Distribution Companies.

WHY SHOULD YOU JOIN CBIP FOR THIS COURSE?

In order to mitigate the shortage of trained manpower Govt. of India has already taken many initiatives for providing training and developing the required manpower. However, the requirement of trained manpower is so high that there is a need of training/retraining of fresh and in service engineers and groom them by providing them the required training inputs and make them readily available for deploying them in the Power Sector as per its manpower requirements.

Keeping all these aspects in view, CBIP has taken this initiative to launch the **26 weeks Post Graduate Diploma Course in O&M of Transmission & Distribution System** is modular course following the syllabus of CEA Regulations 2010 for the fresh graduate engineers who would be groomed as per the requirement of Indian Power Industry.

Hence, there is an ample scope of making a career in Operation & Maintenance of Transmission & Distribution System of Indian Power Sector for the fresh Electrical Engineers who undertake this program.

Most of the organizations (Govt. Sector & Private) of Indian Power sector involved in Generation Transmission and Distribution of Power are the members of CBIP and CBIP has a good network with various reputed manufacturing and service organizations in the field of Transmission and Distribution of Indian Power Sector (Both Govt. and Private organizations) which would facilitate for the placement of the participants.

RECOGNISION/CERTIFICATION OF THE COURSE

CBIP institute has been recognized as Category-I training Institute by Ministry of Power, Govt. of India under CEA regulations-2010. The syllabus of the course is as per the mandatory Training requirements specified in Central Electricity Authority regulations-2010.

Certificate will be issued by Central Board of irrigation & Power (CBIP) as a reputed autonomous body in the field of Power & Water Resources having liaison with various Govt./Semi-Govt./Pioneer-Pvt. Sector Organizations including Central Electricity Authority, NTPC, NHPC, Powergrid etc.

STRENGTHS OF CBIP

- A 88 years old establishment into dissemination of knowledge in Power, Irrigation and Renewable sectors.
- Almost all reputed utilities of Power, Irrigation and Renewable sectors of the country are the institutional members and at least
- 3000 senior officers of the level of Chief engineer and above from these sectors are the members.
- Has a great networking and close relations with all reputed utilities of these sectors. Institute is located in most posh and central place of the capital city of the country i.e. Chanakyapuri, New Delhi.
- Has a strong base of very senior officers with deep experience of various disciplines of Power and irrigation sector who are delivering session as faculty.
- Has state of the art infrastructure facilities like digitized library, dining hall, classrooms, conference hall etc. well equipped with audio visual aids and Air conditioning system.
- Publishes very strong technical publications on very thrust areas in above three sectors.
- Has the secretariat of at least 10 international organizations and the Secretary CBIP is the secretary or the member secretary of their India chapters.
- CBIP has set up an Institute at new plots allotted by HUDA in Gurgaon for conducting long term/short term training programs in all the three niche sectors i.e. Power, Water Resources and Renewable Energy.
- CBIP has also signed a Memorandum of Understanding (MoU) with Indian Electrical and Electronics Manufacturers Association (IEEMA) which has a network of around 650 member organizations from public, joint & private sectors including good no. of organizations associated with Transmission & Distribution systems for collaborative ventures/ efforts for enhancement of quality service through various activities viz., joint assignments, training programs, conferences, seminars, consultancy, R&D activities, joint studies and surveys, knowledge sharing and action plans identified by CBIP and/or IEEMA.
- Power Sector Skill Council (PSSC) is housed in CBIP premises at Malcha Marg, Chanakyapuri, New Delhi, and CBIP is providing the secretariat support to PSSC. Smt. Neerja Mathur, Chairperson CEA, is the president and Shri V.K. Kanjlia, Secretary, CBIP is Secretary of PSSC
- Most of the organizations (Govt. sector & Private) of Indian Power sector involved in Generation, Transmission and Distribution of Power are the members of CBIP.

- CBIP has a strong team of senior training officers, having in-depth knowledge of conducting various long term training programs related to Power sector and were among the team of main initiators for launching the Post Graduate Diploma Course and Post Diploma Certificate programs in Thermal/T&D/GIS and B-Tech(Power) in the country.

ELIGIBILITY

- **For Non-sponsored candidates,**
 - Bachelor of Engineering or equivalent in Electrical Engineering and Electrical & Electronics Engineering (EEE) with minimum 60% marks in various examinations from 10th onwards.
 - The candidates should not have more than two supplementary/ backlog/ATKT during the entire course and no backlog in last semester
- **For Sponsored candidates,**
 - Bachelor of Engineering or equivalent in Electrical Engineering and Electrical & Electronics Engineering (EEE) with minimum 60% marks
 - One year experience in the relevant field.

Those appearing in their final year examination can also apply. However, they must submit their degree/provisional degree at the time of counseling/start of the course. The candidates shall also have to submit medical fitness certificate at the time of admission with no color blindness.

Electrical / Electrical & Electronics Engineering Students can also apply for 52 Weeks PGDC in Thermal Power Plant Engineering (5th Batch) at a time with mentioning their preference in online application form and the demand draft of Rs.600/-in favor of "CBIP", New Delhi

SELECTION CRITERIA FOR ADMISSION

The students will be shortlisted based on the merit of the marks obtained by the candidates in Class 10th, 12th & Engineering degree and or GATE 2015. Merit wise list of the eligible candidates will be declare in CBIP web site. Admission shall be subjected to strict verification of all the original testimonials/documents and depositing of the required fees (given in the brochure).

AGE LIMIT

Maximum 27 years for non-sponsored candidates as on **31.08.2015**. No age limit for sponsored candidates.

ADMISSION FEES

- Rs. **1,50,000/-** excluding the Lodging & Boarding (payable in two installments Rs.80,000/- and Rs.70,000/- for non-sponsored candidates
- For sponsored candidates Rs. **2, 00,000/-** (in one installment)
- Caution Money-Rs. 5000/- to be deposited during admission which would be refunded back after completion of the course
- Placement Assistance Charges: Rs.2000/- (non refundable) only for non sponsored candidates
- Placement Charges: Rs.14000/- to be paid after 3 months of joining the course (refundable if placement is not there) only for non sponsored candidates
- Transportation charges for on-job/outstation visit: Rs.7,000/- to be paid at the time of admission
- Foreign Nationals: **US \$5,000/-**

LODGING/ BOARDING

CBIP has tied-up with local Guest Houses / Hostels. Accommodation will be made for lodging, boarding and transport (To and Fro) from guest house on nominal payment basis. The candidates who are interested to have accommodation may give option for the same in the online application form. The accommodation shall be arranged for the candidates only if response is good. The lunch and two times tea in the institute during the working days (5 days) will be available @ Rs.1700/- per month (compulsory).

TOTAL SEATS

60 (Sixty Seats - Provisional), 25% seats reserved for candidates sponsored from Power Utilities and reputed companies of Indian Power Sector having more than one year experience. No. of seats may vary. In case of non-availability of sponsored candidates, the balance seats under this category shall be available for non-sponsored candidates.

SPONSORED CANDIDATES

The Candidates who are sponsored from any organization have to enclose a sponsorship certificate from their respective organizations in the format given in the CBIP web site.

PLACEMENT

CBIP maintains close linkages with various power utilities and reputed companies of Indian Power Sector. Most of the Govt. utilities, IPPS, T&D utilities etc and other reputed manufacturing organizations of the above said field are associated with CBIP as member organizations and prefer to depute their Engineers to attend the training programs/Workshops/ Seminars at CBIP. CBIP would try its best and exploit all the opportunities for arranging campus interviews through its good networking with all of the power sector utilities/companies including reputed manufacturers

Though CBIP is not committed for any confirmed placement, the students of such previous completed batches have been placed in various companies through CBIP's linkages and the efforts of students themselves. Placement process of current T&D batch (6th Batch) has already started. 40 out of 41 students of the Last T&D batch (5th Batch) were placed.

LOAN FACILITY

The candidates who get confirmed admission and wish to avail loan from a Bank/Financial institute may also take a certificate from CBIP for availing the same.

REFUND

Fee once deposited will not be refunded. In case a selected candidate wishes to withdraw from the course for any reason, no part of course fee will be refunded except the security deposit.

HOW TO APPLY

Application may be submitted through online through CBIP Website .The downloaded hard copy of the application form along-with the demand draft of Rs. 400/- in favour of “CBIP” payable at New Delhi, should reach the Secretary, CBIP, (address given below) latest by 03.08.2015 with two passport size photographs.

Candidates are advised to go through the brochure thoroughly before filling the form.

Points to be noted:

- All the future notifications/ information will be available on CBIP website. The candidates are advised to be regularly in touch with the website.
- Attach self attested copies of proof of Date of birth, certificates / mark sheets of 10th / 12th / Diploma/Engineering degree /CGPA/CPI Conversion Chart issued by Registrar/controller of the concerned university.
- Application fee is non refundable.
- Applications after due date will not be accepted.
- Candidates are advised to book their tickets in advance according to the date of declaration of result to avoid any last moment inconvenience.

IMPORTANT DATES

SI. NO.	DESCRIPTION	DATES
1	DATE OF ADVERTISEMENT IN EMPLOYMENT NEWS	23.05.2015
2	LAST DATE OF ONLINE APPLICATION	23.07.2015
3	LAST DATE OF RECEIVING HARD COPY THROUGH POST	03.08.2015
4	DECLARATION OF RESULT	05.08.2015
5	STARTING OF COURSE	31.08.2015

ADDRESS FOR COMMUNICATION

Secretary, CBIP, Malcha Marg, Chanakyapuri, New Delhi-110021
Tel No: 09818737480 (Mr. S.K. Ghosh) / 09871718218 (Mr. Jaideep) / Fax: 011-26116347
E-mail: cbip@cbip.org / ghoshsk@cbip.org / jaideep@cbip.org

HOW TO REACH CBIP

CBIP is located at Malcha Marg, adjacent to Malcha Market, Chanakypuri, New Delhi, which is around 15KM from New Delhi Railway Station and around 18KM from Delhi Domestic Airport.

HOW TO REACH CBIP CENTRE OF EXCELLENCE, PLOT NO-21, SECTOR-32, GURGAON, (TRAINING INSTITUTE)

Gurgaon, is the second largest city in the Indian state of Haryana and is a part of the National Capital Region (NCR). It is about 15 Kilometers from IGI Airport, New Delhi. Gurgaon is well connected to Delhi via an expressway (NH8 highway) and Delhi Metro.
