

# CONTENTS

	<b>Page No.</b>
Foreword	(iii)
Preface	(v)
List of Exhibits	(ix)
Abbreviations	(xiii)
Executive Synopsis	(xv)
<b>Chapter 1: Introduction : Water and its Power Potential</b>	<b>1</b>
<b>Chapter 2: SWOT Analysis: A Corporate Perspective on Hydro Development</b>	<b>15</b>
<b>Chapter 3: Water Resources Management: Concepts &amp; Issues</b>	<b>31</b>
<b>Chapter 4: Environmental Aspects</b>	<b>51</b>
<b>Chapter 5: Hydro in Energy Scene</b>	<b>71</b>
<b>Chapter 6: Hydro Development in Retrospect &amp; Prospect</b>	<b>79</b>
[A] Pre-Independence Era (1897-1947)	79
[B] Post-Independence Era (1947-1990)	79
[C] Current Scene (1990-1995)	100
[D] 2000 AD Scenario	101
[E] 2020 AD Perceptions	102
<b>Chapter 7: Policy Issues</b>	<b>103</b>
<b>Chapter 8: Financial and Economic Aspects</b>	<b>117</b>
<b>Chapter 9: Technological Dimensions</b>	<b>147</b>
<b>Chapter 10: Productivity Approaches</b>	<b>163</b>
<b>Chapter 11: Human Resources Development in Hydro Sector</b>	<b>173</b>
<b>Chapter 12: Conclusions : Strategies for Accelerating Hydropower Development in India</b>	<b>191</b>
<b>Bibliography</b>	<b>199</b>
<b>Author's Publications</b>	<b>203</b>
<b>About the Author</b>	<b>208</b>

## LIST OF EXHIBITS

### Chapter - 1

- 1.1 The Hydrological Cycle
- 1.2 Components of world water storage
- 1.3 Type of Hydroelectric Schemes
- 1.4 Tidal Power Projects In Operation
- 1.5 Proposed Tidal Power Projects In Various Countries
- 1.6 World's Hydro Power Resources (WEC 1989) Economically Feasible Potential
- 1.6(a) World's Hydro-Power Resources (Techno-Economically Feasible Potential)
- 1.7 Countries obtaining most of their electricity from Hydro Power
- 1.8 Basin Wise Hydro Power Potential of India
- 1.9 Hydroelectric Power Potential in Various River Basins (MW) (as per latest assessment)
- 1.10 Potential Tidal Power Projects In India

### Chapter - 2

- 2.1 Comparison between Hydro & Thermal Construction Schedules
- 2.2 Submergence Area - NHPC Projects
- 2.3 Loss of Life Expectancy (LLE) due to Various Risks
- 2.4 Fish Catch at Gobind Sagar(Bhakra Hydel Reservoir)
- 2.5 Relative Environmental Impact of Hydro & Thermal Power Projects

### Chapter - 3

- 3.1 National Water Grid  
'Brahmaputra - Ganga - Cauvery' Link
- 3.2 Niharika Sarovar Nigam (National View)
- 3.3 Niharika Sarovar Nigam (Regional View)
- 3.4 Planning Hydro Development from Technoeconomic and Environment angles
- 3.5 Mega and Micro Systems correlating Water and Power

### Chapter - 4

- 4.1 Catchment Area Treatment
- 4.2 Sketch illustrating free draining catchments of Chenab Basin
- 4.3 Status of Forests in India
- 4.4 Land Cover in India 1989 Assessment
- 4.5 Afforestation Programme of NHPC Projects
- 4.5 (a) Plant Species in NHPC's Afforestation Programme
- 4.6 No Greenhouse Warming Effect in U.S. records (1895 - 1989)
- 4.7 Map of India showing Seismic Zones
- 4.8 Parameters of Environmental Impact
- 4.9 Parameters of Mitigative Measures
- 4.10 Appraisal of Environmental Impact
- 4.11 Appraisal of Mitigative Measures

### Chapter - 5

- 5.1 Components of total Energy Requirements of India
- 5.1(a) Growth of Per Capita Consumption of Electricity in India
- 5.2 Energy Resources of India
- 5.3 Conceptual Model of Hydro - Thermal Mix

### Chapter - 6

- 6.1 Growth of Installed Capacity Total & Hydro Power
- 6.2 India's Installed Capacity at the end of VII Plan
- 6.3 Power Regions of India
- 6.4 Region wise Distribution of Hydro Power Potential
- 6.5 Coal & Lignite Resources of India
- 6.6 Region wise Power Supply Position as on 31.3.1990
- 6.7 Status of Hydro Electric Potential Development
- 6.8 India's Installed Capacity (as on 31.12.1991)
- 6.9 Hydro Electric Power Stations In India

6.10	Indian Small - Scale Hydro	8.12	Outstanding Dues of NTPC
6.11	All India Power Supply Position:Energy & Peaking Power	8.13	Central Sector Financing Pattern (Department of Power) VII Plan Expenditure
6.12	Planwise Hydro : Thermal Mix	8.14	Comparison of Cost of Energy
6.12(a)	Poor Hydro : Thermal Mix leads to.....	8.15	NHPC vis-a-vis All India Average Cost of Energy (1985-90)
6.13	Forecasts of Electric Power Demand in India	8.16	Hydro Schemes Commissioned by NHPC
<b>Chapter - 7</b>		8.17	Performance of NHPC Projects under Operation
7.1	Features of Power Sharing Formulae applicable to Central Sector Hydro Power Projects	8.18	Life of Projects
7.2	Proposed Accessibility to the inaccessible Sawalkot Project Site	8.19	Comparison of Contemporary Thermal and Hydro Projects
7.3	Cost of Infrastructure Works	8.20	Reasons of difference in Cost of Energy
7.4	Time Saving in the proposed system of Two - Part Clearance	8.21	Graph Showing Variation in Cost of Energy by Corporate Financing & State Government Norms
7.5	Financial Comparison between Prevalent and Proposed System of Project Clearance	8.22	Escalation in cost of Energy from Thermal Power Stations
7.6	Time gap between Government sanction and Zero Date - Thermal Projects	<b>Chapter - 9</b>	
<b>Chapter - 8</b>		9.1	Influence Diagram(Uprating of Hydropower plant)
8.1	World Bank Group Lending For Electric Power	9.2	Projections of scope and cost/benefit of power stations recommended for Renovation & Uprating Programme
8.2	Investment Trend - All India Power Sector Vs Public Sector	9.3	Proposed Phasing of Investment on R&M
8.3	Investment Trend - All India Central Sector Vs Power Sector	9.4	Cost/Benefit Projections of Power Stations Considered Suitable for Renovation & Modernisation
8.4	Installed Capacity - Mix at the end of March '89	9.5	Supplier countries of Core Equipment in respect of Hydro Power Stations Recommended for R&M
8.5	Financial Working of State Electricity Boards 1990-91	<b>Chapter - 10</b>	
8.6	Estimate of losses of SEB's on account of supply of Electricity to the Agricultural/Irrigation sector	10.1	Computation of Performance Achievement (Investigation Project)
8.7	Auxiliary Consumption of SEB's Coal based Thermal Stations	10.2	Computation of Performance Achievement (Pre-Construction Project)
8.8	Employees per million kwh of Electricity sold	10.3	Computation of Performance Achievement (Construction Project)
8.9	NHPC's Operating Performance : Revenue & Profit	10.4	Computation of Performance Achievement (Associated Transmission)
8.9(a)	Performance of Hydro Plants - All India Vs NHPC		
8.10	Operating Performance - NTPC Sales & Profit		
8.10(a)	PLF of Thermal Plants - All India Vs NTPC		
8.11	Outstanding Dues of NHPC		

## **Chapter - 11**

- 11.1 Manpower Projections of Power Sector
- 11.2 Requirement of Manpower in Investigation Projects
- 11.3 Requirement of Manpower in Construction Projects [Category -I (Less than 100 MW)]
- 11.4 Requirement of Manpower in Construction Projects [Category - II (100-300 MW)]
- 11.5 Requirement of Manpower in Construction Projects [Category -III (Above 300 MW)]

- 11.6 Guidelines for providing training as required under Indian Electricity Rules (Amendment-1981)

## **Chapter - 12**

- 12.1 Corporate Strategies for accelerating Hydropower Development in India - A Synoptical View
  - 12.1(a) Corporate Strategies for accelerating Hydropower Development in India [Alternative scenarios : 2000 AD perspective]
